

The Application

Login Page

- We've set up a simple login page using SHA-256 encryption.
- Admins logging in will be directed to the admin dashboard.
- Regular users will be directed straight to the logs page, limiting their access to major actions.

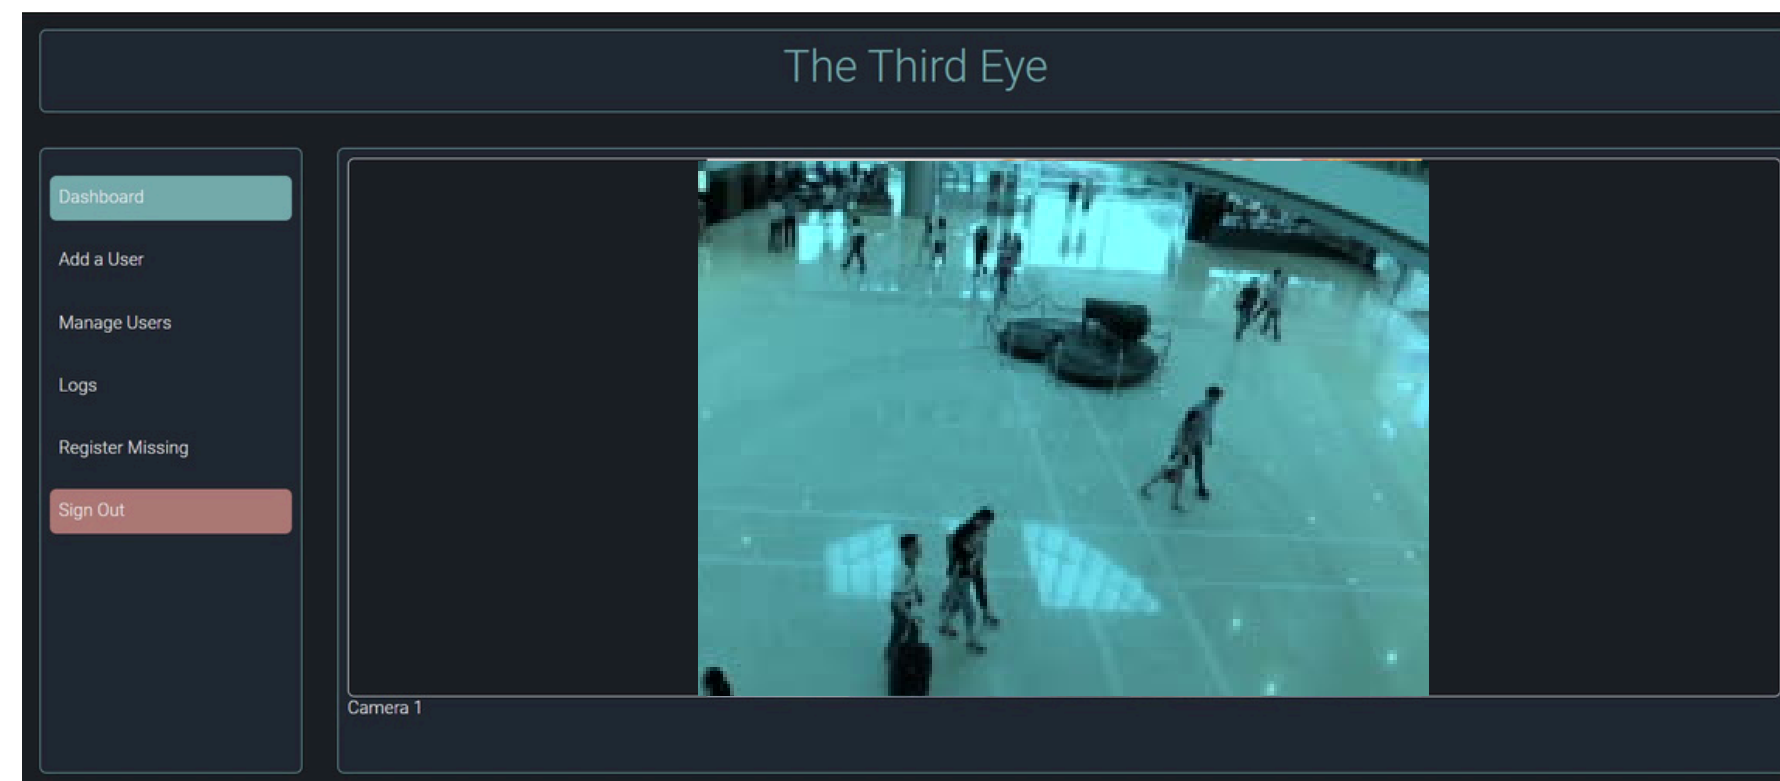

The screenshot displays a login interface for an application titled "The Third Eye". The interface is dark-themed. At the top, a header bar contains the text "The Third Eye". Below this, a central form box contains two input fields: "Username" with the value "admin" and "Password" with masked characters "*****". A "Login" button is positioned below the password field.

The Application

Dashboard

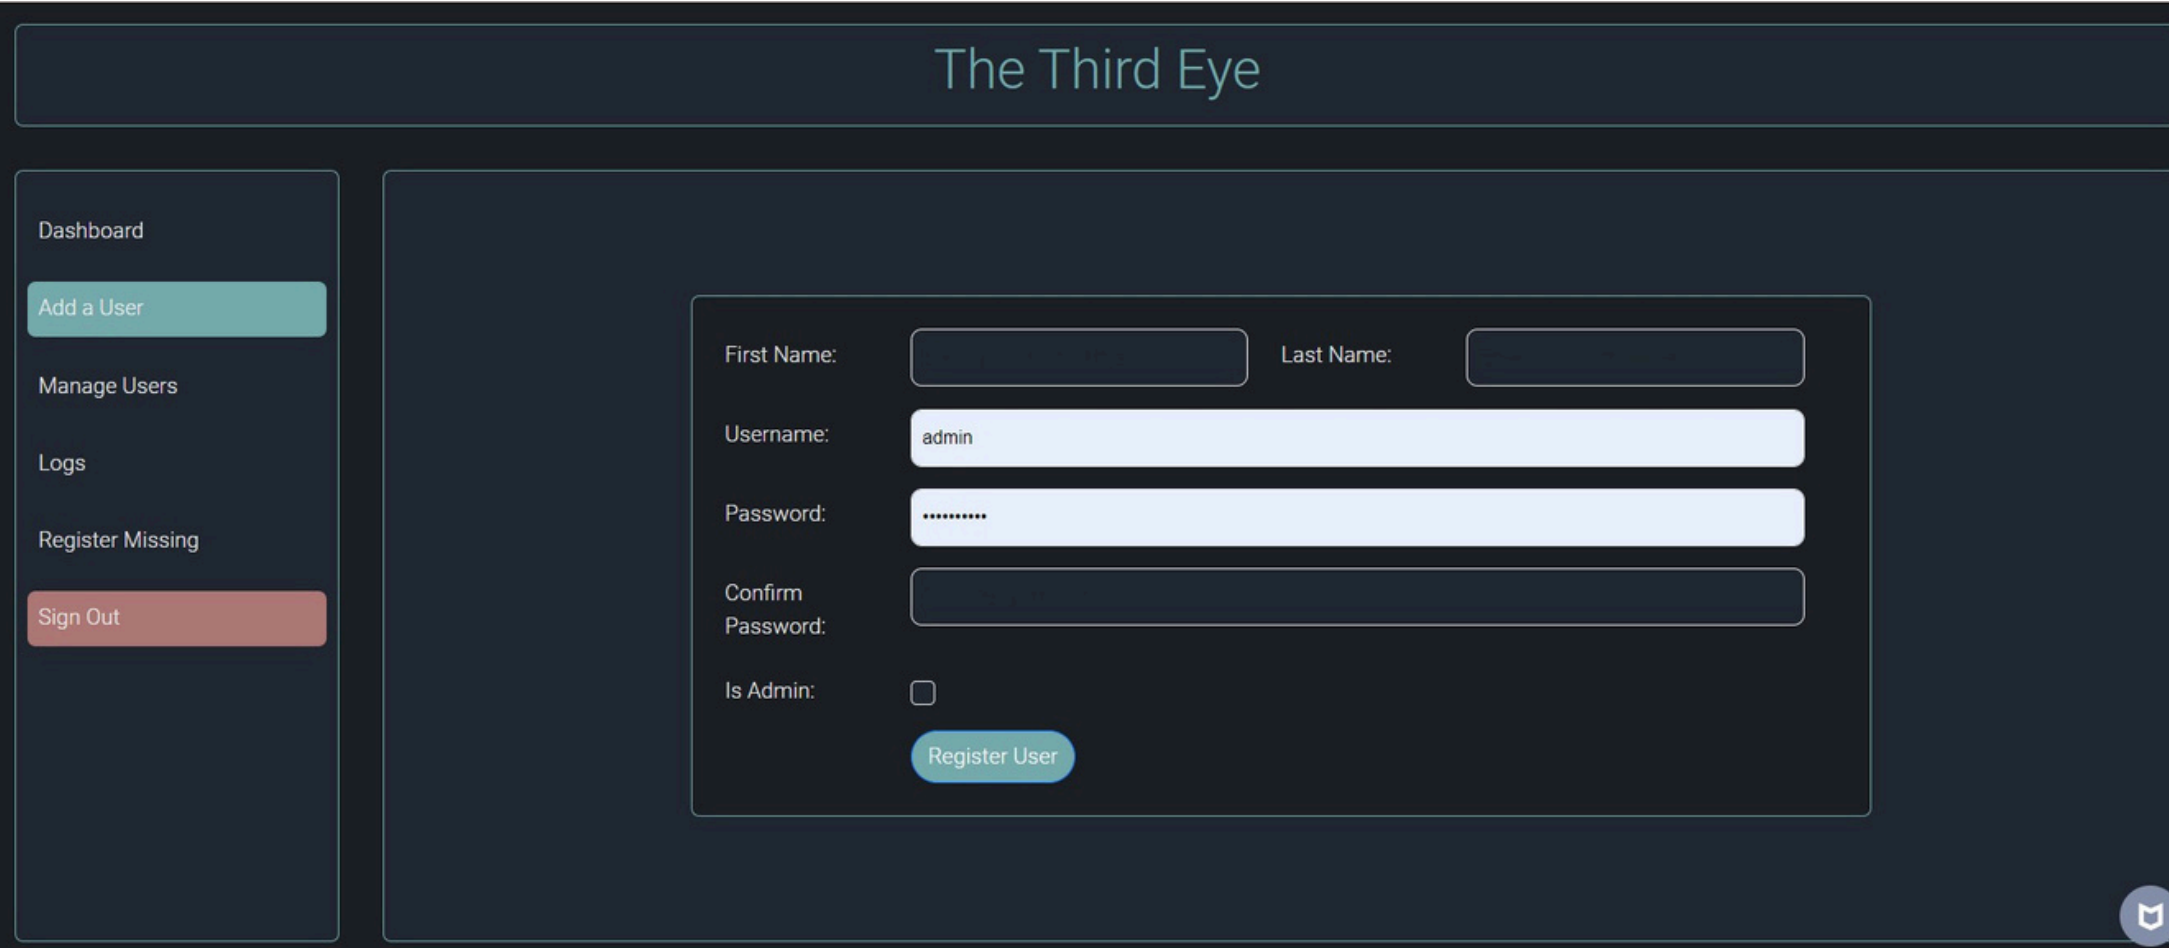

- The admin has access to the dashboard.
- The dashboard features a camera feed.
- Various options are available on the dashboard, including adding a new user.
- Another option allows for registering a missing person.

The Application

Add Users

- The admin has the ability to add a new user.
- During the user creation process, the admin can designate the user's role as either "User" or "Admin".

The screenshot displays the 'The Third Eye' application interface. On the left is a dark sidebar with navigation links: 'Dashboard', 'Add a User' (highlighted in teal), 'Manage Users', 'Logs', 'Register Missing', and 'Sign Out' (highlighted in red). The main content area has a dark header with the title 'The Third Eye'. Below the header is a form for adding a new user. The form includes fields for 'First Name:', 'Last Name:', 'Username:' (containing 'admin'), 'Password:' (masked with dots), and 'Confirm Password:'. There is also a checkbox for 'Is Admin:' which is currently unchecked. A teal 'Register User' button is positioned below the form fields. A small circular icon with a white 'M' is located in the bottom right corner of the main content area.

The Application

Manage Users

- The admin can elevate a regular user to the admin role.
- Additionally, the admin has the authority to remove users from the system.

The Third Eye					
User Management					
ID	First Name	Last Name	Username	is_admin	Action
2	Super	Admin	admin	Admin	Delete
3	Gourav	R	gourav	Admin	Delete

The Application

Logs

- The logs contain detailed information about the last known location of a missing person, updating every second to provide a brief overview of their movements.
- Normal users have access to the same dashboard, but without access to additional features.

The Application

Missing Register

- A clear picture of the missing person is included.
- Their name is added for identification purposes, facilitating their addition to our logs.

The screenshot displays a web application titled "The Third Eye". On the left is a dark sidebar with navigation links: "Dashboard", "Add a User", "Manage Users", "Logs", "Register Missing" (highlighted in teal), and "Sign Out" (highlighted in red). The main content area is dark and contains a "Missing Register" form. The form has a "Name:" label above a text input field. Below that is an "Upload JPG Picture:" label above a file upload area that includes a "Choose File" button and a text input field. At the bottom right of the form is a teal "Register Missing" button.
